

Compounds Absorbed in the UV Spectrum:

1,3 Butadiene
Acetaldehyde
Acetone
Acrolein
Ammonia
Benzene
Carbon disulfide
Chlorine
Chlorine dioxide
Ethyl Benzene
Formaldehyde
Hydrogen sulfide
Isoprene
Mercury
Naphthalene
Nitric oxide
Nitrogen dioxide
Nitrous acid
Oxygen
Ozone
Phenol
Styrene
Sulfur dioxide
Toluene
Trimethylbenzene
o-xylene
m-xylene
p-xylene

Additional compounds may be available. Please inquire for further information.
